

Ford Island Site Visit

Who: Navy League Membership

What: Ford Island Site Visit

Where: Building 86 - Ford Island
198 Lexington Blvd

When: August 23, 2024
9:30 a.m. – 11:30 a.m.

Why: **Firearm Training Simulator Visit**

We have an opportunity to visit the Firearms Simulators on Ford Island!

Although you won't be firing live rounds, the simulation will be the same realistic scenario our Sailors could face: The Responder (you) is an armed Navy watchstander. You will be presented with a scenario that may require you to make decisions that involve the application of deadly force principles, opportunity, capability, and intent.

This experience is not about firearms marksmanship; however, you will be briefed on firearms safety and some features of the simulation firearms that you will use. This experience is about your decision-making and thought process in each situation.

The scenarios that you will see are the same scenarios that Anti-Terrorism Officer (ATO) students experience. You will be given a firearm specifically designed to be used with the computer-aided simulator, it CAN NOT fire live rounds. Firearms do feel the same and handle the same as their live counterparts.

If you have base access to Ford Island, proceed to the parking lot on Lexington Blvd. Look for the Navy League Event sign.

Contact the Navy League office if you need base access.

Jane Ferreira
